Google

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

THE

Register Book of Marriages

BELONGING TO THE

Parish of St George,

Hanover Square,

IN THE

County of Middlesex.

EDITED BY

JOHN H. CHAPMAN, Esq., M.A., F.S.A.,

BARRISTER-AT-LAW.

VOL. II.—1788 to 1809.

LONDON:

1888.

Preface.

The Second Volume of the Register of Marriages at St. George, Hanover Square, commences with the year 1788 and is carried down to December 30, 1809.

The original entries are contained in part of the sixth, the whole of the seventh, eighth and ninth, and part of the tenth of the seventeen bound books of Registers that are kept at the Church.

As might be expected, the growth of the Parish is evidenced in this Volume by the increasing number of the marriages solemnized at the Church; and the character of the entries also shews that it had by this time become a favourite place of residence for Members of both Houses of Parliament, and for others who usually resided in London for a portion only of the year.

As one of the consequences of the then recent revolution in France, there were at this time many of the French nobility living in London, and it is somewhat curious to note that some of them appear to have contracted matrimonial alliances in this country, of which the record is preserved in these Registers.

Among so many names it would add considerably to the length of the Volume to notice all that are of interest to the biographer or to the genealogist, but they will be found to have been faithfully entered in the Index, and one or two entries may be specially remarked.

It would not appear at first sight that the simple announcement of the marriage of Augustus Frederick and Augusta Murray, on December 5, 1793, was that of His Royal Highness the Duke of Sussex and the daughter of the fourth Earl of Dunmore. This marriage was

declared null and void, as a violation of the Royal Marriage Act (12 Geo. III., c. 2), by Sir William Wynne (Dean of the Arches), on July 14, 1794. In the course of the proceedings, and also in the House of Commons, reference was made to the serious liabilities incurred under the Act by the Rector, Churchwardens, and witnesses; the former alleged that they were entirely ignorant of the rank of the contracting parties, and it was held that the latter could not be compelled to incriminate themselves by giving evidence in proof of the marriage.

The marriage of the twelfth Earl of Derby with the celebrated actress Miss Farran may be noticed under the date of May 1, 1797.

The names of the witnesses, whenever they appeared to be of interest in themselves, or to be useful for the purpose of identification, have been placed in this as in the previous Volume in the footnotes. The signature of George the Fourth, when Prince of Wales, occurs as a witness to the marriage of Lord Moira (afterwards Marquis of Hastings) with the Countess of Loudoun on July 12, 1804.

As upon the former occasion, the thanks of the Society are due, in respect of this part of the Registers, to the Rector and Churchwardens of St. George's Church for the facilities they have afforded to the Transcriber and to the Editor.

This Volume has been somewhat delayed in its issue, partly owing to the preparation of the Index, and partly to public duties which have recently occupied the whole time of the Editor; for this delay the kind indulgence of the Members of the Society is respectfully asked.
